

**MISSOURI COMMUNITY ASSESSMENT AND PLANNING PROCESS (MOCAPP)
COMPARISON OF SUBCATEGORY STANDARDS – FORM J1-J37**

The MoCAPP lists subcategory standards for each of the 37 subcategories. These standards are included as minimum thresholds for communities to address in their assessment and goal setting process. On this form, the community will list the standard and identify, by checking the appropriate box, whether each standard was addressed and if it may be found on the Resource Form G, the Asset Map Form H, or the Goal Setting Form I. If the standard is not found anywhere, the community must either re-address the issue and amend the appropriate form, or provide an explanation of why the community chooses not to achieve the standard. Each standard from the subcategory must be addressed.
